WordGrabber > Word Generators > Word Chums Cheat The Wonderful World of Word Chums The Word Chums Experience is a one-of-a-kind word game that has had people worldwide stoked since it was first developed by Peoplefun in 2012. Word Chums allows players to participate in games with two to four "Chums", each being a customized character, a monster, or animal "avatar". What is YOUR spirit animal by the way? XPs and Coins - The Currencies in Word Chums Word Chums is filled with tiny little features that appeal to the reward center of our brains. During the game, the Chums can collect Experience Points (XPs) and Coins. For each word you play, you get as many XPs as you get points. Experience Points will get you to higher levels. Also, you receive a coin for each letter in each word you play. With the coins you can buy much-needed gear and upgrades to make your avatars both more handsome and more powerful! Hints and Bombs Word Chums has neat little gadgets to make the game appealing to your inner child. There are BOMBS you can drop at any point where you are literally at a loss for words. The Bomb will swap your entire set of letters so that you can try again. To put it simply: where a normal word game player passes, a Word Chums Chum will drop the Bomb! Also, using hints in an active game of Word Chums is not looked down upon. On the contrary, there is a HINT button included to show you the best spot for the best word. But sometimes, a hint just isn't broad enough and like the Bombs, hints are limited and have to be paid for with hard-earned points. This is where our Word Chums help comes in! The Word Chums Tool by word-grabber.com At word-grabber.com we have several word generators and tools for different word games. Our generators draw the solutions from valid and official word lists. A Overview of our Word Chums Tool Get a quick overview with our video about our Word Chums Tool. Tutorial: Word Chums Cheat at word-grabber.com What is our Word Chums Helper? The Word Chums Helper makes words from letters for the popular mobile word game Word Chums. You can type in letters to create a word, but also a pattern to be matched or the number of blanks to be used. It also helps you by saving hints and bombs, so you can reach higher levels faster. Using Our Word Chums Help to Create Words Using our Word Chums Help is quite easy: Just type in the letters you want to form words with for Word Chums and press GRAB IT. If you want to improve the possible results, you can use a specific pattern including field scores (see list below) or select from different options, like the amount of blank tiles. Well into a game of Word Chums, the player is given the letters GRNMETE. Will our Chum be able to use all seven letters and receive 40 bonus points? Let's find out! Highlighted Results in Word Chums Cheat In Word Chums Cheat the blanks and letters from the pattern are accentuated, so that blanks can be underlined differently and letters from the board are displayed white against a brown background. The player typed the letters GRNMETE into the letters field of the Word Chums Cheat and pressed GRAB IT! By default, the results are sorted by points descending from highest to lowest. You can also sort the results by length. Next, we take a look at how to use the pattern field and reach for a lot of Experience Points! Quick Guide for Settings and Patterns in Word Chums Cheat I. Letters: Simply type in the letters you want to generate words from in Word Chums. 2. Blanks: By using a white space or dot, you can shift the blank selection below depending on whether you need one or two blanks. When you set a third white space or dot, the selection will move back to zero. 3. Pattern (optional): Match the results to a specific situation on the Word Chums board. Symbols for Use in the Pattern Field: z for letters already on the board . (dot): empty field 2 : empty field with double letter score 3 : empty field with triple letter score 4 : empty field with quadruple letter score 5 : empty field with double word score 6 : empty field with quadruple word score Please note that if you use patterns, the results will be no longer than the number of characters you entered into the pattern field. This way you can limit the length of the results by using a specific number of dots. For further information on the pattern field take a look at this tutorial! A Word Chums Game Example Using Our Pattern Field Like most other word games, Word Chums requires you to build your words by attaching them to another one already on the board. Here, the player wants to build a new word around the E at the end of the word KITE. Also, our Chum wants to include a quadruple word score field. The pattern our chum needs to type in is therefore T3...E..6. Let's see, how that works out! By using the pattern field, with our Word Chum's help, we have determined RETEM is the highest scoring word that can be built around KITE. The total score is 24. Let's see if we can do better than that! Experience Points in Word Chums Word Chums rewards players with Experience Points (XPs). If you can manage to get enough, you might even become King or Queen of the Chums. There are currently 122 realms under your rule that go from "Novice" to "Interstellar Speller". You also get 10, 20, or 40 bonus points for five-, six- and seven-letter words respectively. This time, we want to use the Word Chums help to its full potential. Not only are we going to make METH even more damaging, but we will also be receiving a lot of Experience Points by getting rid of all seven of our letters PEESRUS at once and go for a big bonus. From the letters PEESRUS (yes, we are fully aware of how funny that sounds!), the Word Chums help has created PERUSES as the highest scoring word. Now let's do the math together. (I mean the math of course!) THIS is how you become King or Queen of the Chums! By playing all your seven letters at once, thus receiving 40 bonus points for PERUSES, receiving a total of 96 points, and casually making METH plural. (But seriously, by all means keep away from that stuff in real life!) Word Chums and Friends On word-grabber.com you can learn more about the popular mobile word game Word Chums.
